

PULMONARY FUNCTION TESTING (PFT)

OSHA STANDARDS

1910.134 Fit Testing Standard

1910.1043 Cotton Dust Standard

1910.1001 Asbestos Standard

A PFT is a test that measures how well your lungs work.

Testing may be required upon review of the Respirator Questionnaire by a healthcare professional.

- Offered IN-OFFICE or ON-SITE
- FLEXIBLE scheduling
