

INTRODUCING TVTC GISO:

The Smart Start to a Safer Workplace!

- Developed by Industrial Pros for the Industrial Workforce -

Our General Industry Safety Orientation (GISO) course is designed specifically for companies looking to provide their new hires with a strong foundation in workplace safety.

This INSTRUCTOR-LED training is ideal for onboarding employees in manufacturing, warehousing, logistics, and other general industry environments.

Through a fast-paced, engaging 3.5-hour session, participants will learn essential safety practices, regulatory awareness, and how to identify and control common workplace hazards.

The course concludes with a 50-question exam to reinforce learning and demonstrate comprehension.

Safety coordinators & HR teams seeking a turnkey onboarding solution can use the GISO as a launching point for building a solid safety culture.

TOPICS COVERED:

- General Safety Rules
- Lockout/Tagout (LOTO)
